*From Sr. Joann:* The theme of planting and growth from last week's readings continues today in the gospel. The virtue of patience is emphasized in God's willingness to cultivate a field even when it produces weeds as well as wheat. This is a God who knows that worthwhile and everlasting things take time and cannot be rushed. Being patient with testy children, being patient teaching another some skill, being patient with another's foibles are all ways God's patience is present through us. Let's work on the virtue of patience this week.
